

REMARKS

Upon review of the subject application, Applicant discovered an error in the specification and claims that is corrected by this Amendment. Applicant believes that no new matter is added to the application nor is the scope of the claimed invention affected.

Applicant submits that the above amendments are simply the correction of punctuation, grammatical, or typographical errors, or the clarification of terminology. A brief discussion setting forth the reasons for the changes to the specification and claims is set forth below. Applicant believes the amendments made herein are not substantive changes and do not require additional work on the part of the Office. Therefore, entry of this Amendment is respectfully requested.

Specification

Applicant has updated the priority information to indicate that Application Serial No. 09/248,701 has now issued as U.S. Patent No. 6,603,751 on August 5, 2003.

Applicant has included the continuity data of Application Serial No. 09/248,701 to indicate that the application claims the benefit of U.S. Provisional Application No. 60/074,733 filed on February 13, 1998.

Claims

Applicant has corrected a typographical error in Claim 1 to correct the double word "measure" "measuring". Applicant has deleted the second word "measuring".

Should the Examiner have any questions or comments regarding these amendments, he/she is cordially invited to telephone the undersigned at his/her convenience.

Respectfully submitted,

Dated: May 14, 2007
